

PERMASTIC-IA

Unique Asphaltic Based, Cold Process Insulation Adhesive

Product Description

- ▶ PERMASTIC-IA is a cold applied adhesive used to adhere roof insulation to concrete roof decks. Permaastic IA can also be used to adhere intermediate and top layers in multi-layered insulation systems along with DERBIGUM membranes.

Technical Characteristics

- ▶ Excellent adhesion, and enhanced waterproofing due to over 80% solids content
- ▶ Meets stringent EPA air quality standards with low fumes
- ▶ Improved productivity which minimizes open roofs
- ▶ Environmentally friendly as there are no kettles or dangerous chemicals
- ▶ Low odor which allows for application on occupied structures
- ▶ High stability due to the unique thixotropic properties of the proprietary RubberLux® Additives

PERMASTIC-IA Cold Adhesive with Low VOC emissions provides an excellent application method for low fumes and safe work environment for the roofers and building owners, while adding an additional waterproofing layer to the system.

Application

Rate : Refer to the DERBIGUM Specification & Detail Manual

Note : Application rate varies due to substrate.

Tools : a notched squeegee.

Product Information

| | |
|-------------------------|---------------------------|
| Weight : | 9.5 lb/gallon (1.14 kg/L) |
| VOC: | 245 grams/L |
| Non-volatile Contents : | 77.5 % (Min. Solids) |
| Flash Point : | 105°F (COC) |

MSDS Available on Request at (800) 727-9872 or at www.derbigum.com.

Packaging & Storage

PERMASTIC-IA is available in the following container sizes :

5 Gallon Pails (18.9 L) (4.75 gal. per volume)

55 Gallon Drums (208.2 L)

Store in a well-ventilated area away from any heat source.
